Annual Gender sensitisation plan:

Introduction:

Integrated and interdisciplinary approach to understand the social and cultural contribution of gender that shapes the experiences of women and men in society is necessary at this college. This is more so, because this women college has religious minority status. Also, the college has to take into consideration the socio-economic and cultural constructs of the society that our students belong to. Thus, therefore there is a need to create a plan of action to be undertaken in a cohesive and in seamless manner:

The action plan is as under :
